REFERENCES

“It was my great pleasure to work with Tim on two episodes of ALL CREATURES GREAT & SMALL for Playground/C5/PBS in the autumn of 2019.

Tim arrived two weeks before we were due to start shooting and calmly took charge of putting together a schedule which involved numerous ‘performing’ animals, poor weather, limited daylight, remote locations and changing scripts.

On set, he is calm, dedicated and alert while dealing with whatever occurs behind the scenes with his inimitable calm efficiency. Without his help and talent we would not have completed the ambitious schedule while also fulfilling the wishes and limits of production.

He is excellent company, a hard and dedicated worker and I wouldn’t hesitate to work with Tim again.” – Metin Huseyin (Director)

“Tim is a true professional who steered us through major action scenes working with a mainly Croatian crew. He never lost sight of the details while orchestrating complex schedules that were always user friendly” – John Strickland (Director)
