REFERENCES:

*I had the privilege of working with Mark on The Burning Girls. He is one of the very best 1st ADs I've ever worked with. He's patient, kind, diligent and runs a very happy shoot. He is meticulous in his preparation and scheduling, and has scrupulous attention to detail. His awareness of safety on set is second to none. He maintains a calm presence at all times which translates to a calm and efficient set. **Oliver Kent, Producer***

*You have been an unflappable resilient brilliant collaborator & I really appreciate your gentle but firm and friendly manner & keen attention to making everything happen throughout the past months, you have been a vital part of our block 1 – couldn't have done it without you so a big thank you. **Corin Hardy, Director Gangs of London***

*As one of the first productions back during COVID, Mark and I worked together on Sky's A Discovery of Witches during one of the most turbulent times in our industry. Throughout Mark remained a stalwart key member of the team ensuring the smooth completion of the shoot. His calm, methodical and positive nature is rare in a 1st AD. He is never phased, no matter how difficult or complicated the challenge. A pleasure to work with, highly skilled and a true gentleman. I would recommend Mark for any production. **Jamie Donoghue, Director ADOW***

*I just wanted to say another thank you for the incredibly stoic, calm and skilled work in helping us shape and deliver the schedule on Industry last year! Couldn't have done it without you. Best Wishes, **Lee Thomas, Producer***

*Thank you so much for all your amazing work on Flesh and Blood, it felt like one of the happiest sets I have been on, and that's largely thanks to you. **Kate Bartlett, Exec Producer***

*Thank you for being such a wonderful collaborator and ally. Your expertise and ability to stay calm and positive at all times made the biggest difference to me, and I could not have asked for a better 1st AD. **Isabelle Sieb, Director***

*I had a great experience and loved working with you - you were very relaxed, trusting and contributed to the easy-going atmosphere on set. We work long hours, often in difficult circumstances, and the last thing needed is stress and shouting! Plus the actors' performances benefit from a good, supportive vibe. So a big thank you for that. You're probably the least stressy 1st AD I've EVER worked with - a real commendation, I'd say!! **Lee Haven Jones, Director***

*I have enjoyed working every minute with you, and will be disappointed if I have to work with anyone else. **Letitia Knight Producer***

*I would definitely recommend Mark to any directors thinking of working with him. Mark is a top notch organized first AD, but also a great team player who is respectful, great at solving problems and fun to work with. **Hildegard Ryan, Director***

*"You were terrific to work with, and ran a very happy crew. Your chivvying up of me was gentle but firm and you got us through it all with no panic or tension. Thank you from a really chuffed director. It was a pleasure". **Graeme Harper, Director***

"I just wanted to say a huge thank you for all your hard work, cheery can do attitude and calmness. You 'have made the running of what I know to be a complex shoot appear almost effortless! I am thrilled you have

kicked things off and I leave knowing things are in safe hands. Thank you". **Stephen Andrew, Executive Producer**

"I have worked with Mark Challenor on a number of productions last year, and I am working with him again on a Casualty special episode involving a train crash. He has a calm manner and no challenge seems to unsettle him, whether in the middle of a prison riot with stunt men, on a motorway with a jack knifing truck, or with a large ensemble cast of comedy actors, or a quiet emotional scene. He is a very good organiser and scheduler, and always seems to find a way to help me achieve my goals. Mark keeps a good atmosphere on set, whilst keeping the unit moving to achieve the schedule. I am happy to recommend Mark as a 1st Assistant Director to other productions, and will continue to work with him myself". **Simon Massey, Director**

"I have no hesitation recommending Mark. He is a brilliant first: organised, shrewd and thorough. His experience often means he sees a problem hurtling towards production before anyone else does! On the floor, he is personable and great with the actors whilst keeping the schedule purring along. I look forward to working with him again." **Jon Sen, Director**

"I recently completed a BBC 1 production with Mark Challenor as my First Assistant Director. I found Mark to be very personable, extremely well organised and in light of the many stunts involved in the programme a very safe pair of hands". "The episodes involved extensive stunts, explosions and combat with knives, firearms and ultimately setting fire to one of our main artists. In fact, we utilised the main artists in the stunt action wherever possible. It was a very successful and safe shoot and I would happily recommend Mark as the 1st AD on any SFX action shoot" **Rick Platt, Director**

"Always pleased to give Mark a positive reference, he is excellent." **Jon East, Director**

"Organised, personable, unflappable - three attributes essential to a first-class first AD - and attributes Mark Challenor displays in spades. He is always 100% focused on the job in hand, and his dogged determination to complete the day never eclipses his keenness to help the director achieve the best possible creative results. Altogether a top man to have on the team". **Jonathan Gershfield, Director**
